

## WEDDINGS CLIENT GUIDE

# WEDDINGS AT BUNGALA HOUSE

Privately secluded in its own 4.5 acres of botanical gardens is a grand country estate of generous proportions that maintains its period charm whilst also being respectfully yet luxuriously ushered into the 21st century through meticulous renovations. Representing an ideal harmony met between past and present, this elegant home of grandeur is ready to welcome guests for an unforgettable event.

Nestled at the bottom of a surrounding picturesque valley of undulating hills, one enters the estate via a return drive lined with agapanthus and set amongst stately Moreton Bay fig trees, towering palms and other mature trees and colourful native plantings.

The main residence boasts 19 rooms and provides self-contained, luxury accommodation for up to 10 guests. A wonderland to explore, the grounds are filled with many ponds, arbours, pathways & a walled slate courtyard under the filtered light from the cherry blossom, which transports you to an afternoon under a Tuscan sun. A Wisteria drenched arbour and a vine-covered alfresco dining area ideal for outdoor entertaining year-round.

Bungala House embodies country living at its finest whilst only being a short five minute drive to South Australia's stunning South Coast beaches and only an hour drive from Adelaide's CBD and the international airport.

Multiple locations within the property lend themselves as an ideal setting for weddings of varying size or styles. The following pages present some images from past weddings held on the property, and provide inspiration and possibilities for your special day.

We welcome potential couples to come and visit us in Yankalilla, tour the grounds, and find the perfect venue for your unique event.

# The WISTERIA ARBOUR

Located along the western length of the homestead, the extensive Wisteria arbour offers a magnificent frame for a reception of unique distinction. Allowing for an avenue of tables, this location offers a frame of blossoms for up to 120 guests. This space is perfect for a Springtime wedding, with purple blossoms from September through to October. The vines also provide a dappled light in winter months, and provide a lovely shade throughout summer and autumn.

# The PARKLANDS

The grand entrance of the house opens out to a large expanse of manicured lawns, framed with the backdrop of magnificent mature Morton Bay Fig trees. The lawn area provides a garden setting for the ceremony itself, but will also provide a reception area for up to 200 guests. The Morton Bay Figs are lit at night, which provides a stunning ambience for an evening alternative.

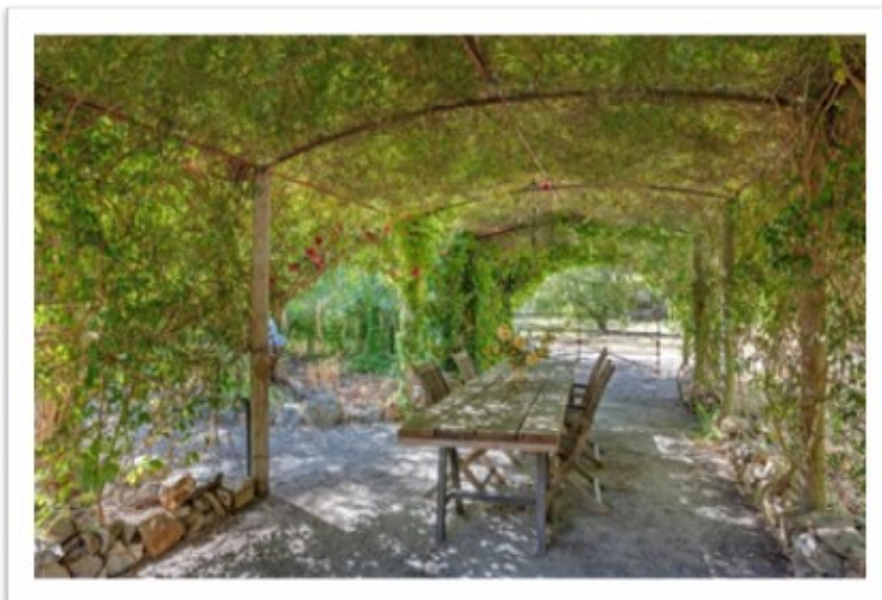

# The VINES

For a more intimate event, the Vines provide a beautiful sheltered location, protected from the wind and sun. Dining options here will cater for approximately 40 guests, and allow for an expansion into the courtyard for cocktails and mingling. Styling options here range from lavish to rustic, and offer a fabulous backdrop for photographs.

# The COURTYARD

Through the arched doorway, the courtyard transports you to Tuscan escape. With stone walls, and a slated floor, the courtyard offers a lovely sheltered space for an intimate gathering. Drenched in dappled sunlight throughout summer, and offering a fabulous autumn backdrop, this space provides a fabulous area for roaming canapes and cocktails.

# The OLD SHEARING SHED

## ...and some inspiration...

Be it romantic or rustic, casual and relaxed, formal or glamorous, Bungala House offers a versatile backdrop to your ideal wedding style. The following pages provide some inspiration from previous occasions, and demonstrate the versatility of this unique venue.
